

To search and reserve book in library

Search material by using Online Public Access Catalog (OPAC)

From http://www.lib.tut.ac.jp/index_e.html you can search books and magazines that are available in TUT library and laboratories. You can search not only in the library but also from your laboratory or home. You can also search for some books that are available in electronic book format.

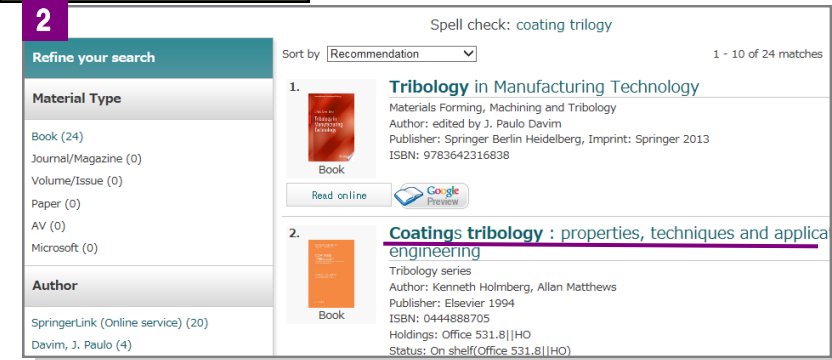

Search for material

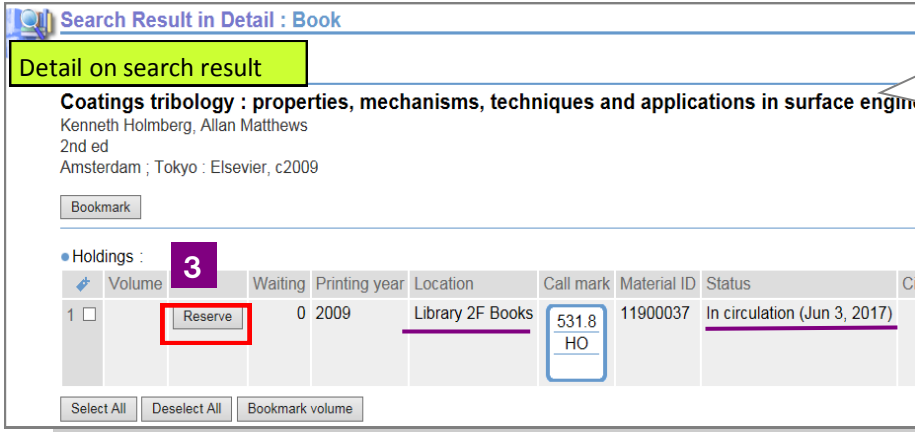

1 Key in keyword such as Title, Author etc and click [Search].

HINT !
Keyword: coating△tribology If you put space between 2 words, the search engine will search for the material that contain both words .
 Ex) Handbook of tribology : materials, coatings, and surface treatments

List of search result

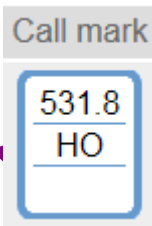

2 A list will be shown
 Location of the book will be shown.
 If the location states laboratory, it is owned by professor. So, please request from service counter if you want to borrow books that are kept in laboratory.

If it's being borrowed, **Reserve** button and return date will be shown. However, you can make a reservation. [Refer to back page]

3 Detail on search result screen will be shown when you click the book that you are searching for.
 If it's in this library, library map will be shown if you click the location. The book is arranged according to the numerical order.

The Call Mark is classified according to Nippon Decimal Classification (NDC) base on the theme. The books that is under same category are arranged together. If you can't find the book that you are looking for, it is advisable for you to search the book that is in the same category.

500 Technology· Engineering 530 Mechanical Engineering 531 Mechanics, Matetrial and design 531.8 tribology

• Material : Coatings tribology : properties, mechanisms, techniques and applications in surface engineering
Kenneth Holmberg, Allan Matthews. Elsevier, 2009 (Tribology and interface engineering)

• User : Tempaku Hibari (0123456)

• Memo :

5 Go to Confirmation window Cancel

5 Click 「Next」to reserve a book

Confirmation screen will pop out.

The process is finished after you click 「Reserve with this information」. When the book is returned, we will send a notification to you by email. It will also be shown in notice board. The book will be reserved for 7 days after the email is sent to you.

* You can **cancel a reservation** by entering 【Materials under request】 section after **login from 「My Library」 menu** in library homepage. Refer 【Guide Sheet No.e-1】 or request from service counter.

* If you login to MY LIBRARY from computer in library, you must close all windows to sign out shibboleth.

Search collection in other institution

You can confirm other institution collection from the website below

CiNii Books Search collection in other universities <http://ci.nii.ac.jp/books/?l=en>

NDL-OPAC Search collection in National Diet Library <https://ndlopac.ndl.go.jp/eng/>

(You can find materials in other institution or National Diet Library from 「NACSIS」 and 「NDL」 link on the top page of material search engine.)

Search Toyohashi City Library collection <http://www.library.toyohashi.aichi.jp/>

You can search material from many other different libraries too.

* If the material you are searching is in the university nearby, you can visit them. If it's not in the university nearby, you can request for document copy or material loan. You can also borrow books without any charge from the Mobile library service provided by Toyohashi City Library. 【Refer Guide Sheet e-7】
