

Take advantage of the library's website!

Toyohashi University of Technology Library Home Page

[URL] <https://lib.tut.ac.jp/>

[English ver. URL] https://lib.tut.ac.jp/index_e.html

Various information and notices provided by the library are posted here. Today's library services are increasingly provided via the Internet as well as in the library building.

The library's homepage is the gateway to services offered on the Internet, such as e-journals, e-books, various databases, collection search, and MyLibrary. We hope you will take advantage of these convenient features.

HP QR code

The screenshot shows the library homepage with several key sections highlighted by red dashed boxes and arrows pointing to explanatory text boxes:

- Quick Search:** A search bar for books or journals inside the library.
- My Library:** A section for TUT members to use their ID and password to access services like extending loan periods and requesting photocopies.
- Searching for Online Databases:** A grid of links to various electronic journals, books, and articles, including EBSCO eBooks, Maruzen eBook, Elsevier SD eBook, SpringerLINK, Wiley Online Library, Wiley eBook, Wiley Reference, Ebook Central, Infobase, Scopus, CAS SciFinder-n, CiNiiResearch, Mendeley, SpringerProtocols, and SciVal.
- Library Online Catalog (OPAC):** A banner for connecting to the OPAC screen for searching books, journals, and audiovisual materials.
- Hours of operation:** A calendar for February 2024 where hours of operation are indicated by color.
- News & Events:** A section for announcements, with a note that announcements are sent out by email every month.

My Library is a page dedicated to you.

- Check the books you are borrowing.
- Extend the loan period
- Request and confirmation of photocopy requests
- Requests to purchase books for students
- Requests to purchase books for research (faculty and staff only), etc.
- Requests for the purchase of books for students and research books (faculty and staff only), etc.

Search window of OPAC (Online Public Access Catalogue).

You can also connect to the OPAC screen from this banner. You can search for books, journals, and audiovisual materials (DVDs) held by the university.

In the category search, you can search for

- Books in the Knowledge Corner
- Recommended books
- Borrowing frequency ranking
- New Arrival Books
- New arrivals, etc. can be searched.

This is the announcement we send out by email every month.

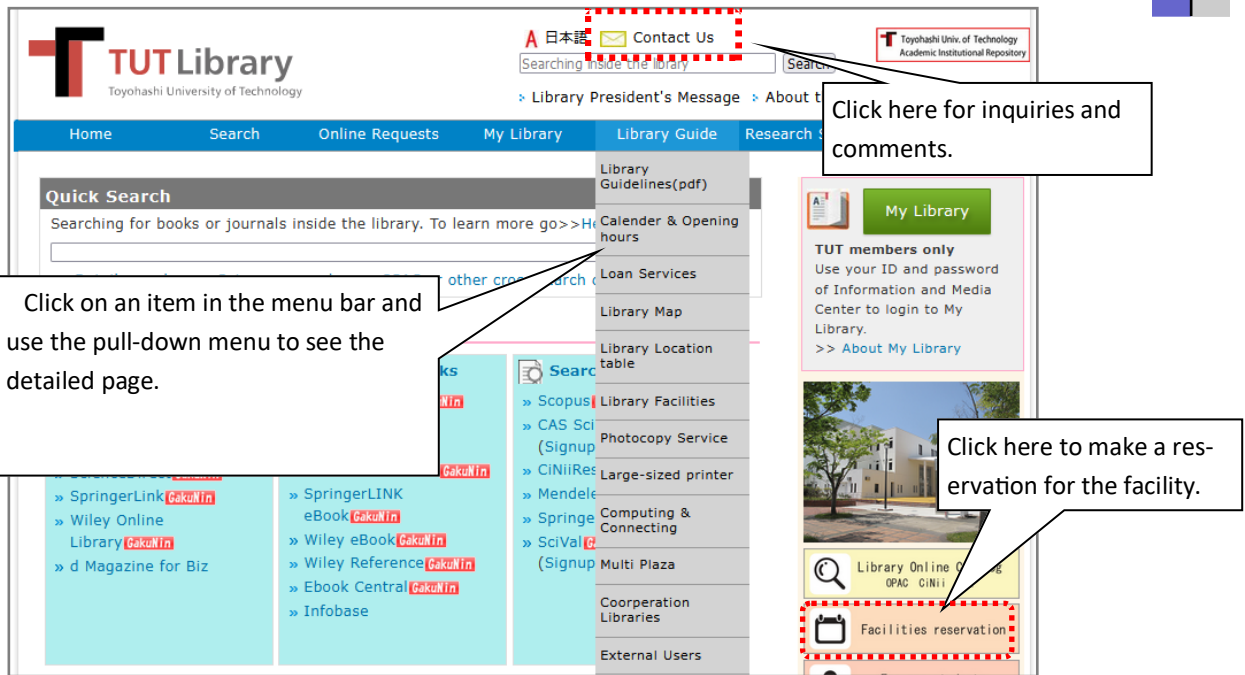

Hours of operation are indicated by color

Electronic Journals Electronic Books Search for Articles

The following are links to e-resources (e-journals, e-books, and various databases) available on the Internet. For details and manuals, please refer to each page from the search pull-down menu. The University has about 6,040 e-journal titles and 13,900 e-book titles available. (Purchased as of April 2023)

You may also be able to use e-resources from off-campus locations such as your home or business trip by using the university's authorization system, VPN system, or by creating a personal ID.
